

## A Baroque Hat

The spirit of the Baroque combines Ornament, Extravagance and Theatricality and can be seen through the Art and Design of the early 18th century.

This hat reflects all the exuberance of this grand style.

**You will need**

- iv. Pleat in the front panel, glue pleated ends together and glue to front of the head band.
- v. Glue leaves onto head band starting from the centre back.
- vi. Add side scrolls by gluing to the side of the band and the first fold of the front panel. Attach sun disc to the top of the pleated panel.
